

Project Name: Consol Energy Wing Tip Bridge (Boy Scouts)

Location: West Virginia

Owner: Arrow WV, Inc.

Client: Freyssinet USA

Project Facts: Consol Energy, a Coal and natural gas producer, donated \$15 million for an 800 ft pedestrian bridge at “The Summit”, a Boy Scout camp in West Virginia. It will serve as the link between the main portion of the camp and the eastern side of the property. It is uniquely designed using suspension cables to provide upper and lower walkways for the boy scouts to walk across.

Services Provided: Performed quantity takeoffs and detailed pricing in HCSS of substructure abutments and piers

When: June 2010
